- **Talk time:** Up to approximately four hours continuous digital talk time with standard battery
- **Large, full-color screen:** Vibrant 2.8" TFT display with 65K colors and 320 x 240 resolution

FEATURES:

- **Sprint Mobile Broadband with Power Vision:** Experience EV-DO Rev. 0 data speeds averaging up to 400-700 kbps and peak speeds up to 2.0 Mbps when accessing Sprint Power Vision services and content. **This device will be upgradeable to support EV-DO Rev. A speeds where available via a free software download available post-launch.** Supported Power Vision applications include:
 - **Sprint Music StoreSM:** Download stereo-quality tracks instantly over the air. Choose songs from thousands of artists in virtually every genre. **(Coming post-launch)**
 - **On-Demand:** Retrieve customized, up-to-date web content such as sports, weather, news, money and movie information with the push of a button. Available only from Sprint.
- **Windows Mobile 6:** Delivers fewer clicks for email management and set-up, support for rich HTML email, a genuine Microsoft Office Mobile experience and increased security; all for meeting the needs of work and life on the go in a single device.
- **Downloadable Applications:** Includes the Sprint PCS Software Store provided by Handango™, an on-device software catalog enabling wireless downloads on-the-go. Customers can find, download and buy software, games, ring tones, graphics and other Windows Mobile Pocket PC applications simply and securely. Additional titles are available from the desktop PC at <http://sprint.handango.com>.
- **Wireless Email:** Send and receive email from multiple corporate and personal email accounts. Get wireless email access to popular commercial POP3 and IMAP accounts. Users can also set up wireless access to Microsoft Outlook email with a direct connection to Microsoft Exchange Server 2003. Sprint supported middleware solutions (sold separately) include:

- **Good Mobile Messaging:** Helps provide secure, real-time access to email and corporate data with a familiar, Outlook-like interface. **(Coming post-launch)**
- **Micro SD Expansion Slot:** Add memory and selected peripherals, transfer music, photos, and video from your desktop, or load additional games and applications. Cards up to 2GB are supported (512 MB microSD included).
- **2 Megapixel Camera/Camcorder:** 2.0 MP camera with 8X digital zoom, flash and video capture (up to 30 seconds) with sound.
- **Phone as Modem:** Take advantage of Sprint Mobile Broadband on your laptop by using your smart device as a wireless modem (USB cable included). Requires appropriate service plan.
- **Built-in Bluetooth® Wireless Technology (v.2.0 with stereo support):** When used with your Sprint PCS Phone and compatible Bluetooth-enabled accessories, Bluetooth allows fast, secure transmission without cables or wires, even though the two devices are not in line-of-sight. Compatible Bluetooth-enabled wireless accessories sold separately.
- **Built-in Wireless Fidelity (for data):** Wif-Fi technology provides a high-speed data connection between the device and nearby WiFi access points for easy mobile connectivity. For a list of Sprint-compatible domestic and international WiFi ZONESTM visit www.sprint.com/wifi and click on Wi-Fi ZONE Locator. Customers can also connect in other public, enterprise and residential WiFi venues.
- **Data Transfer Mode (DTM):** Set in the default position allows users in an active data session to be notified of incoming voice calls, rather than having them go automatically to voicemail.
- **Built-In speakerphone:** Hands-free operation made easy with dedicated speakerphone button
